

## Roger RN Beach Commando Group Photographs

Note Jim Speed has indicated even though photograph is marked as July 1944 it was in fact taken before June 1944 and only given to him in July 1944.

Special thanks to Mr and Mrs J Speed for giving permission to publish the group photograph of the officers of 'Roger' RN Beach Commando and many thanks to Rick Smallman for acting as intermediary and obtaining said permission.

On the next page is a unit photograph, probably taken at the same time of Roger RN Beach Commando, which Tony Robinson has kindly given permission to be published here. On the top far right is Leslie Raymond Robinson and centre row third from left Arthur Frederick Bennett.

In addition the unit photo is broken down into three sections for easier identification, starting with the left hand section, the middle section and the right hand section.

Finally there is a group photograph with members of Roger RN Beach Commando on a beach, possibly during a break in training, the officer standing on the left is Jim Speed. The photograph belonged to Arthur Frederick Bennett and is reproduced here with the permission of his son Trevor.

"Roger" R.N. Beach Commando, July, 1944.
